3. Bob Macy, Bureau of the Budget, telephoned to say that he had received a call from Ed Saunders yesterday requesting the immediate release of about [REDACTED] Project JMARC with justification to be submitted later in connection with a request for a larger amount. Bob was not inclined to honor this request but wanted to make it clear that he was available at any time to discuss either the over-all request or a smaller one when the proper justification was submitted. I talked to Ed about this and he is arranging with the Operations people to submit a request for the smaller amount.

4. Emmett Echols alerted me to the fact that General Cabell was going to raise the question of recruiting negroes for use in the DD/P area at the Deputies' Meeting. He is going to furnish me with a memorandum giving the background on our recruitment efforts to date.
